

YourMoney Agency Purchasing

Dataset Summary

Agency:	Treasury
Category:	Division of Purchase and Property
Frequency:	Quarterly
Description:	Purchasing represents the procurement from vendors of goods and services that are recorded in the State's purchasing system and for which payment must be made. Amounts already spent, amounts the State is obligated to pay to a specific vendor as a result of an order or contract, and amounts that are set aside for imminent purchases are included in purchasing data. The summary purchasing data may fluctuate until all underlying transactions in the reporting period have been finalized by the buying agency. The purchasing system records purchases for all three branches of State government: Executive, Legislative, and Judicial. Authority purchasing data is not available at this time.
Revision History:	2014-09-05 Initial Version after adopting the revised format
